

IN THE REALM OF WOMAN BY PENELOPE

Mrs. Knight, Eighth street, entertained a number of her Red Rose Club friends on Thursday afternoon in honor of Mrs. Wells (Fort William). The room was decked out in a toilette of clinging white satin, swathed in black Brussels net. Touches of pink and rose were added by a row of dainty accessories. In the dining room, daffodils graced the tables, while a row of pink carnations and place cards on contour were chosen to match.

The guests included Mrs. Wells (Fort William), Mrs. H. Bruce Wells, Mr. and Mrs. F. W. McCallum, Mr. Dickson, Mrs. Marion, Mrs. Wallbridge, Mrs. Fraser, Mrs. Ford, Mrs. Hart, Mrs. G. C. MacLennan, Mrs. Chalmers, Mrs. Stocks, Mrs. Hay, Mrs. John Gillespie, Mrs. Donald, Mrs. G. C. MacLennan, Mrs. Donald, Mrs. Misses Drye, Mrs. W. Jones, Mrs. Riddell, Mrs. Shadwell, Mrs. Moore, Mrs. Prithi, Mrs. Chalmers, Mrs. W. E. Brown, Mrs. Alexander.

Miss McNaughton is entertaining at the tea hour in the Blue Moon this afternoon, in honor of her mother who has just returned after an extended visit with her daughter, Miss Cairns, in this city.

Mr. and Mrs. Mercer and Miss Mercer have accepted home from Victoria at the end of their tour. In the autumn, they will return to Kintucki, the beautiful suburbs of Honolulu, where they will make their home in future.

Miss Gerald Law, and her little family leave shortly for the Coast, where they have taken a cottage for the summer.

At eight o'clock on Thursday evening in the family residence, the marriage of Mr. Robert McCreath to Miss Margaret Scott, of Glasgow, Scotland, took place. The bridegroom is a member of friends, Rev. C. A. Myers officiating. Miss Katherine McCreath was the maid of honor. The Rev. C. A. Scott, of Winnipeg, acted as best man. Afterwards all set around the fountain, and the young couple were showered with the best wishes of many friends. Mr. and Mrs. McCreath have taken their residence at 518 Namayo.

Conditions in India.
While the progress of Christianity in India is very satisfactory, it is not what it might be if the Indian system, in the statement made by Dr. Jesus Allyn, who arrived home recently from the Philippines and Madras Presidency, India. That Christianity is dawning there, Dr. Allyn said, and he is gratified with its establishment. European civilization was surely taken.

great movement in India for the last year or two, and that it may be as intelligent as the European sister and the social companion of man. It is not in sympathy with the freedom of the individual man—considering men whom they desire to have little or no conversation. The Gothic women are more than men who are not allowed to be seen by the supercilious being of humanity, but they keep their heads down, and say whatever goes on outside.

Marriages take place very early, the average age being 18 to 19 years. There are many widowers, and many who are still unmarried. There are many widows, who become the drudges of the family, doing all the work. Marriage is the time of the upholding of the uprightness of these families. The houses are closely built, of mud, with a few rooms, and the roof is covered with a spreading of soil on them. Their food comes in three meals a day, growing up people two and wives are allowed but one.

Professor and Mrs. J. Adam are entertaining a party of Scotch students, who are here to study medicine. They are very bright, with quick, active minds and witty to a degree—a subtle and charming lot.

They are about 200,000,000 in population, and the women, which are known as flower girls, their great blue eyes looking very dark, with regular features and pretty teeth, which are very white and straight. They are very bright, with a quick, active mind and witty to a degree—a subtle and charming lot.

At the time of the Indian durbar, Dr. and Mrs. Rutherford had a special anniversary dinner. To celebrate the birth of the son of the Rajah of Pithoragarh, the Indian Durbar, Dr. and Mrs. Rutherford had a special anniversary dinner. Dr. and Mrs. Rutherford were entertained by Dr. Latere, at the time of the Durbar, and the Indian Durbar, the Indian Durbar, erected a choultry near the hospital, which is an inn, where the prince and his retinue sleep. The sick people are in the hospital, in order to save cases if nurses or doctors were allowed to do it. On the day when the prince was taken to the choultry was asked to lay the cornerstone, and has in her possession a diamond ring, which is worth \$1000.

Indians are a lowly, intellectual people, with a splendid opportunity of influence in the world, especially as they have thrown over the yoke of falsehood. Dr. Allyn's opinion.

TELLS OF CHARACTER OF WORK DONE BY BOARD

Major R. J. Leonard at Bramford Damaged Deserves What Was Accomplished by the National Trans-Continental Railway Commission.

Authoritative testimony as to the character of the work done by the National Trans-Continental Railway commissioners as well as the manner in which their work was supervised by Major R. J. Leonard, chairman of the board of directors, has been received recently. He was the guest of honor. "The Trans-continental," he declared, "is a great engineering and more durable manner known. It is also of great military advantage, and will be of great value in spite of the millions that will be spent in its construction the railway will be a great national asset and not a liability."

With reference to the construction work in progress on the Winnipeg-to-Edmonton line, Major Leonard announced that a further expenditure of \$112,000,000 would be required to complete the construction of the 1,500 miles under construction and there were between 100 and 1000 miles of track remaining to be laid. It was hoped that by the end of next autumn the line here on Winnipeg and Cochrane would be completed, and during the ensuing season the whole line with the exception of the Quebec bridge, the 200 miles of the Grand Trunk Pacific, the 900 miles of the Canadian Pacific, the 800 miles of the G.T.P.C. and the 100 miles of the C.P.R. which would be so much nearer to sea by rail as to greatly increase the tonnage of shipping.

Contract for Locomotives.

An important contract for 25 locomotives has been signed with the Grand Trunk Pacific railway with the Canadian Locomotive Co., Kingston, Ont., for delivery May, 1912.

These are to be 4-6-2 compound type with Schmidt superheaters, having cylinders 25 inches in diameter by 32 inches stroke, the driving wheels and a boiler pressure of 125 pounds. Their tractive power is to be 30,000 lbs. and the weight of each will be for water and about 15 tons of coal.

Portland Cement Operations.

Plans have been prepared by the Portland Cement Company for an industrial plant in this city, the city, Police Commissioner McDonald thus day sentenced Victor Covis, an Italian, to 10 years imprisonment for his construction camp in the Rockies and to two months imprisonment. Covis is the first of the I.W.W. to be convicted of a crime committed on the jumps on a Canadian Pacific train.

All classes of union labor here practically united in condemning the I.W.W. and their methods.

LOOTERS IN SKIFFS.

New Roads, Ia., May 8.—Farmers here live in fear of advance of the flood arrived here early this morning and are marooned in their homes in that village. They have been unable to get out and many boats were unable to reach that district yesterday.

Men are reported to be running a rich harvest in the financial market, and the skiffs in which their occupants were hastily driven have been broken open and robbed.

Railroad Arbitrators Convene.

Montreal, May 8.—The general president of the B. & O. railroad, the arbitrator chosen by the eastern railroads and the chief representative of the brotherhood of Railroad Trainmen, chosen as arbitrator, expect to meet today at 10 a.m. to begin the hearing of the case with them on a board of seven to consider the demands of the engineers. The two arbitrators were to be appointed by the men who are reported to be running a rich harvest in the financial market, and the skiffs in which their occupants were hastily driven have been broken open and robbed.

MAY ROBSON in her famous character of Aunt Mary in "The Rejuvenation of Aunt Mary," Empire Theatre, three days commencing Thursday, May 16th; matinee Saturday, Saturday night Miss Robson will present her new comedy "A Night Out."

ENTERTAINMENTS

GET RICH QUICK.

"Get Rich Quick" is one title of the sandal comedy that will hold the house at the Empire next Monday, Tuesday, and Wednesday. The title is very appropriate to the piece, which is a comedy of the little comedy will get rich quick with laughter. There is nothing more ridiculous after a hard day's work than than a cozy seat and a good performance such as one will find at the Empire. The author of the comedy is a doubt, giving Edmonton one of the cleverest little comedies the League has had in many a day.

MAY ROBSON.

There is no reasonable argument against success. Numerous conjectures exist as to the reason why the advanced, but if one examines into the successful undertakings the League has had in many a day,

call and comedy, and it is found that it is merit and effort, and not accident. For instance, "The Rejuvenation of Aunt Mary" was written by May Robson, which will be given at the Empire next Thursday, Friday, Saturday, and Sunday. Here is a bright and particularly funny comedy presented by an actress who has had a remarkable history of old maid—her first visit to New York, her experiences and feelings after a hard day's work, and success.

NO STRIKE OF TRANSPORT MEN.

Question of Safety of Ships Will Be Made National Question.

London, May 9.—The threatened strike against the Peninsular and Oriental Steamship Company has been referred to the question of safety of the Transportation Workers Association yesterday officers of the National Seafarers' Protection Union and the National Union of Ship's Cooks and Stewards called out

the men in the employment of the company. The Workers' Federation sent a deputation to the company and today sent a delegation to confer with the officers of the steamship company, representing shareholders demanded. The company refused to concede their demands. After a long discussion the officers of the national organization adopted a resolution to refer the whole matter to the executive on the ground that the questions involved were too important to be settled by the management of Peninsular and Oriental company.

The decision of the transport workers to go on strike has brought about a strike and also the threatened general strike by all the seaport workers. The strike of the transport workers will not be held for some days, and in the meantime all the unions will be working together to secure a means to raise the question of safety in ships in a national interest. Every effort will be made to bring about a strike to act in the master.

The management of the company contend that the real object of the contention is to replace all the shipmen by foreign sailors, men and women, and sailors. They argue that this is impracticable for ships sailing to Asia.

The men's demands, however, are likely to meet with opposition by the press and public.

WHEAT SHORTAGE IN FRANCE.

Duty on Imported Grain Has Practically Been Removed.

Paris, May 9.—The high price of wheat and the scarcity of the supply have caused a sharp appreciation in France. The French government has decided not to suspend the tariff of 7 francs (approximately \$1.40) per hundred kilograms (approximately 220 pounds), but it may prolong from two to three months the period in which wheat may be imported free of duty, so that an equivalent weight of flour may be imported by the importers before the expiration of that period. The well-known fact is that the market is controlled by the importers.

The National Miller's Association calls attention to the situation in a special report, showing that the present stock of wheat in France is 11,400,000 kilogrammes (approximately 9,500,000 pounds), whereas it should be several hundred million kilograms of grain crop, however, the situation will be bettered. The bread price rises in Argentina, Canada and Australia.

Rev. Dr. Barclay Resigns.

Montreal, May 9.—The threatened strike against the Peninsular and Oriental Steamship Company has been referred to the question of safety of the Transportation Workers Association yesterday officers of the National Seafarers' Protection Union and the National Union of Ship's Cooks and Stewards called out

NEW TREATMENT OF CANCER

Important Paper Read Before Academy of Medicine.

Paris, May 9.—Professor Littlefield, representing the American Academy of Medicine on the new treatment of cancer, discovered by him in 1907, has returned to America. He has pursued his research in London, Berlin and Paris. He reports a case of cancer of the eye which he treated upon two years ago in Paris and which after an immediate relapse was removed by another surgeon. It was deemed that the progress of the cancer was arrested. The patient, a lady named Mrs. G. H., was in good general health without evidence of cancerous growth remaining.

Dr. G. H. explains his treatment. He does not pretend to be a master for all forms of cancer.

The paper as read before the gathering of the Academy of Medicine was summed up by a layman but the treatment prevents the formation of new cancerous growths and cures up to a certain extent those that exist.

Bank of England Statement.

London, May 9.—The weekly statement of the Bank of England shows that the amount of gold held by the bank increased 151,000 pounds sterling, circulation decreased 155,000, bullion increased 17,000,000, other deposits increased 2,500,000, other decreased 1,550,000, public deposits decreased 747,000.

creased 154,000, government securities unchanged. The proportion of gold to liabilities this week is 51.20 per cent; last week it was 48.81 per cent.

PROPOSAL TO DIVERT
SASKATCHEWAN RIVER

Negotiations Reported to be in Progress With Alberta and Saskatchewan Governments to divert the Rivers for Power Supply Purposes

Winnipeg, May 18.—A delegation representing the Saskatchewan government, headed by Dr. Seymour and A. J. L. MacLean, arrived here yesterday after today conferring with the three railroads which own the rights to the upper reaches of the Saskatchewan river and thus provide power and a water supply for the irrigation of the agricultural part of that province. At a conference this morning between the delegation and a group presented by Guy C. Dunn, the Canadian Northern Ry. and the Pacific Ry. as head of the department, presided over by J. S. Denison, who is conducting similar negotiations with the provinces of Alberta and Saskatchewan to work out a joint scheme financed by the two governments and the three railroads.

**NO TRUTH IN REPORT OF
REDUCTION OF DUTIES**

Story Sent Out by Toronto Paper Is Given an Authoritative Denial—Announcements of Tariff Changes Are Made in Parliament

Ottawa, May 18.—An authoritative denial is given to the report in a Toronto newspaper that the Canadian government will shortly by order in council reduce the duties on agricultural implements, lumber, coal, iron and other articles. The governor general in council has no authority to make general tariff reductions or increases, save those laws or parts

No authority exists in the Canadian tariff to change duties during a session of parliament, then only in the budget speech. The first grant a drawback or reduce the duty upon articles used in Canadian manufacture, the second, that the government may under exceptional circumstances remit the whole or part of the duties paid. This was done in the case of coal imported from the U. S. when the duty was remitted on coal imported from the U. S. This power is exercised by the minister of finance, not by the dominion government

AN UNBREAKABLE
WILL AT LAST.

Here's a Will That Cannot Be Broken. What a pleasant surprise it is to find a will so strong and simple that it cannot go wrong. The same thing might be said of the BAX Will Form, but for the fact that you may get a copy of it for nothing. It is the only man who does not understand the importance of intelligence realizes the importance of making a will, even when the amount to be left is small. He may, however, delay the matter because they are afraid of lawyers fees or wish to avoid publicizing his affairs. The BAX Will Form is unique. It costs only 25 cents, and there is no necessity of consulting a lawyer to draft the contents of the will. With each will form is a full set of instructions, and correctly, with full instructions for your guidance.

Order now on the BAX Will Form. It is positively legal and independent. The BAX Will Form appears on the form, and is signed by all draftsmen and attorneys at law. Send me an receipt of price by the BAX Will Form Company, 218 College street, Toronto.

City of Prince Albert

Destined to become the Greatest City of the Province of Saskatchewan, just as Edmonton, the Capital of Alberta, will be the chief city of this Province. Both are similarly situated on the banks of the North Saskatchewan River. Both are surrounded with Natural Advantages such as no others are.

The North Prince Albert Townsite Co., Ltd.

is now, for the First Time, putting on the market its splendid subdivision, laid out with Beautiful Parks, Reserves for Schools, Churches and Play Grounds—Lovely Driveways along the Banks and Ravines. The owners have been "No Hogs" like so many other subdivisions, and have built a fine road from the river to the town, 20 feet wide.

Be free from "Missons," come and let me "show you" the map and illustrations.

The Prices are within the range of rich and poor alike. This company will take advantage of no one.

Look—from \$10 each up to \$600. Terms, quarter cash.

Think of What the Wealthy People of Edmonton have done by "Wise Investments." They have built up half the size that enterprising Prince Albert now is. With its modern saw mill, engine works, 60 mills and other smaller mills; its flour mills, brick yards, immense lumber yard, planing mills, modern packing plant, churches, schools, banks, stores of every kind, wholesalers of every description, seven lines of railway, waterworks, sewers, lovely streets.

What progress has already been made in the South Side of City, will extend in future to

North Prince Albert Townsite Company's Property

A new cable ferry is now being placed so as to connect the South with this property. A magnificent combined Railway and Traffic Iron Bridge, about 1200 feet long, was completed some months ago, a short distance from this property.

At the cost of this bridge, the

The first road for the Canadian Northern Ry. to Hudson Bay is to be turned by the Hon. Robert Rogers, Minister of Interior, on 24th May, and Sir Wm. Mackenzie has promised the City of Prince Albert, that at least 50 miles of grading will be completed this fall. This road runs through this property. Another line has also made a survey through it.

Remember

The City of Prince Albert has just let a contract for \$850,000 for furnishing a vast amount of electrical power.

This is a wildcat subdivision.

It is in the City Limits of what is destined to be the greatest in Saskatchewan.

It is situated similar to Greater Edmonton.

It is one of Nature's Beauty Spots.

It is a Bonanza for the investor, whether rich or poor.

Come and see the property with anything you know of, anywhere, where the conditions similarly exist—\$100 to \$600 each. Terms 1-4 cash.

Remember—that this is a future city like our own Edmonton. I have just personally inspected it.

Come and see Illustrated Maps and Price List in my office, and beautiful oil painting in office window of B. F. Blackburn, First Street, opposite Rice Street.

Ottawa, May 9—Hon. J. D. Hazel, minister of marine and fisheries, is reported to have been in Athabasca Landing where he has been conferring with the manager of the Canadian Pacific Railway with a view to bringing about a settle-
ment of the long standing dispute between the Canadian Pacific and the
North Atlantic Fisheries. While
it is not possible to discuss the difficulty over the
land and lake fisheries, a treaty of
peace Canada has threatened to
sign.

F.W.G. Haultain Is NAMED AS POSSIBLE SUCCESSOR TO MABEE

Chairmanship of Railway Commission May Be Held for Him.

M. K. COWAN LOOKED UPON AS RIGHT MAN

But Being a Liberal His Appointment Is Considered Highly Improbable.

Bulletin Special.
Ottawa, May 10.—Among the names mentioned in connection with the appointment of a successor to the late John Mabey, chairman of the Railway Commission, are two little-known men. These are F. W. G. Haultain, leader of the Opposition in Saskatchewan, and Arthur Meighen, member in the Dominion House for Portage la Prairie.

It is considered by many that in the first place in appointing a successor to the death of the middle-aged man, the desire of the prime minister that the Middle West be not considered in the choice must be balanced, and that it is therefore very probable the appointment will fall upon him.

In connection with Mr. Haultain, a strong rumor is prevalent in the capital that he has been in Ottawa even after the provincial election in Saskatchewan, which will take place on June 12, and that the appointment will then be made.

The name of Meighen is also mentioned, but it is generally discredited, for though he is recognized as a man of great ability under railway law, his health has not been such as to command him for a position.

A somewhat general consensus of opinion prevailing here is that the man most likely to be chosen to succeed in the required political faith would be M. K. Cowan, of Toronto, whose brilliant knowledge of railway law, keen judgment, progressive personality and rugged constitution, would eminently fit him for the responsible position of chairman of the commission.

HUNG OUT, OR HANGED?
King Otto, of Bavaria, was hanged yesterday morning at Berlin, Germany, it was reported. The execution was witnessed by a large crowd.

King Otto, 57, had been accused of plotting to assassinate his son, Prince Paul, and was condemned to death.

"Canada has received me and now I am safe," said the King, "but I have not killed anyone but myself, and you killed me." He added, "I have been ill for a long time, and do not know if I could be of service."

Leaving this message nailed to the door of his house, "Tyrone James Ames, Farmer, Newmarket, Ontario," he got out of his carriage, raised his hat, and, with a "regal" gait, walked away.

Neighbors said that when Ames threatened to kill anyone he added that he was "not crazy."

Cormier Sharpe was satisfied that the man had died by his own act and decided that it was unnecessary to hold an inquest.

H. B. Land Commission r'Coming

Winnipeg, May 10.—The condition of King Otto of Bavaria, who was hanged yesterday morning at Berlin, Germany, it was reported, is unknown.

King Otto left for London yesterday to complete arrangements for the big sale of that country's property on May 14.

DAMASCUS.—The Syrian city, whose ten million dollar bazaars were totally destroyed by fire, with loss of several lives.

LEFT MESSAGE TADED TO DOOR OF HIS SHACK

Tyrone James Ames, Farmer, Newmarket, Ontario, has hanged himself and shot himself—had been insane and was thought to have recovered.

"Canada has received me and now I am safe," said the King, "but I have not killed anyone but myself, and you killed me." He added, "I have been ill for a long time, and do not know if I could be of service."

ONLY MERGER REPORT

Both Bank of Montreal and Royal Bank Officials Say Story Is Incorrect.

Montreal, May 10.—There is absolutely no truth in the statement that the Royal and Tradesmen's recently merged, to be taken over by the Royal.

It was a shabby sight that met the eyes of the public yesterday when they entered Ames' bedroom.

The man lay on the bed partly dressed, revolver with which he had shot himself. To both top of the man's head was blown off and parts of his body were found scattered about the room.

Ames, it is stated, had an attack of fits.

"On Wednesday we heard that a detachment of one thousand men was preparing to march forward to the destination, little Victor Manet, Politee des Trembles, near Montreal, a nine-year-old French boy from the village of Trembleau, is now spending his life in a hospital in the city.

He was captured by rebels and together with his wife and son, he was held captive for three days.

DECISIVE BATTLE IS EXPECTED IN MEXICO AT ANY MOMENT NOW

15,000 Men Both Federal and Rebel Troops, Will Be Engaged.

FEDERAL GENERAL TELLS OF VICTORY OVER REBELS

General Huerta Says Insurgents Lost 90 Dead, and Federales 7.

El Paso, Texas, May 10.—The Mexican general, Alvaro Obregon, has rallied gained at Leon, Veracruz, and sharp skirmishes are now in progress, to determine what is expected to be the most decisive battle of the revolution. About 15,000 men are engaged on both sides and the objective point is the railway station of Northern Mexico.

The government claim is greater than the insurgents, but the former are more numerous and seven men, seven men, from several sources.

In the telegraph office, improved to a high car on the desert, 300 miles north of Torreon, General Vicente Diaz, commander of the Federal forces of Northern Mexico, told today by telegraph to an Associated Press representative news of the victory of the federales over the rebels.

The long car stood a few miles from the town of Herosillo. The federales were routing from El Paso, via Laredo, Texas, Monterrey and Torreon, to the coast of the Gulf of Mexico, a distance of more than 1,000 miles.

There was necessary the seizure of all telegraph lines directly south of the railway, the rebels having captured the route.

General Huerta talked enthusiastically of the battle to come.

Yesterday, Thursday, General Ramon Corral, who had recently recruited one thousand men, said he had captured "Bar Torren," said General Huerta.

The rebels lost thirty dead and many wounded, while the federales lost five and four wounded. The rebels were driven back in a sharp fight and were defeated by cavalry, under Gen. Alvaro Obregon.

NEW ROADS DISTRICT NOW IS ENDANGERED

Flood Water of the Mississippi Is Gradually Climbing. Southwardly Erroneous Jones Experiment by People of State Will be Greatly Added to.

New Roads, La., May 10.—Flood water is rising in the Mississippi River, and the state highway department officials are preparing for a hard campaign of rescue work. Roads are cut through the swamps, and areas are being drilled. It seems only a matter of a few hours before this entire section of the state will be inundated.

The state government will have to make a great deal of money available and that the people of Louisiana must bear a great additional load before the flood is over.

Most of the flood water is coming from the great break in the levee at Errol, where the breach is 5,000 feet wide, and the water is flowing through it with the speed of a mill race.

Mutual Life Co.'s Manager Dead. Waterloo, May 10.—W. H. Biddell, assistant manager of the Mutual Life Co., died yesterday morning. He suffered just previous to leaving his home to attend church services. He was 43 years old. He was one of Waterloo's leading business men.

The Miracle Worker, That Cures When Doctors Fail — Now Used In Thousands Of Homes In Every Section Of Our Great Country.

Two Men, From Widely Different Parts Of Canada, Tell How They Found Health And Happiness By Taking These Wonderful Fruit Juice Tablets.

WALKERTON, ONT., May 9, 1911.—"I have been in Walkerton in business for a great many years and many of my townsmen know that my health, for long periods, was precarious. My trouble was extreme nervousness, brought on by Indigestion or Dyspepsia, from which I suffered in its most severe form. It was about 1905 that I first became ill, and for four in the evening. I visited the Toronto 'World' one of your published testimonials of how someone had used 'Fruit-a-tives' for similar trouble, and asked Mr. Elmer, my doctor, for his opinion on the matter, and he advised them to use 'Fruit-a-tives'. I immediately procured several boxes and I am pleased to say that my condition gradually improved until I was well again. I can eat with every degree of satisfaction and sleep without an effort, which pleasure I was denied before I was fortunate enough to use 'Fruit-a-tives'. I strongly advise all who are troubled like complaints to continue using 'Fruit-a-tives' immediately. Don't wait at a few doses—but continue using 'Fruit-a-tives' until a cure is accomplished."

ALEX. CARTER,
Bavron, N.B., July 25th 1911.
"I am unable to say enough in favor of 'Fruit-a-tives', as it saved my life and restored me to health, when I had given up all hope and when the doctors had failed to do anything more for me. I had a stroke of Paralysis in March, 1910, and this left me unable to walk or hold myself, and the condition of my bowels was terrible. Nothing did me any good and I was writhing in every way. Finally, I took 'Fruit-a-tives' for the composition, and it not only cured me of that trouble but gradually I found I could stand up on my toes and actually run the stairs. Under the use of 'Fruit-a-tives', I grew stronger and stronger until all the pain, and weakness left me."

I am now very again and attend my store every day all day. Invariably say 'Thank God I for 'Fruit-a-tives'. ALVA PHILLIPS,

These two cases show the wonderful power of 'Fruit-a-tives' in restoring a thoroughly nervous system and health and vigor—in entirely curing obstinate Constipation and in completely relieving Indigestion and dyspepsia. What other one medicine has such results? Even the best physicians are not agreed.

It is the only medicine in the world actually made from fruit with the addition of valuable tonics. It is pleasant to take and will always give the most gratifying results when taken regularly.

PROPOSE TO PROHIBIT GAMBLING IN FUTURE

Bills Dealing With Cotton and Grains and With the Export of Passengers—Bills Will be Strongly Considered.

Washington, D.C., May 10.—Efforts will be made to send an interstate commerce offering an enter into a general bill dealing with cotton and grains. Bills of wheat, oats or corn, without being delivered, are to be considered. The purpose of this measure is to prevent as far as possible what is known as "anticipation bills," which would be so far as the transactions relate to the cotton and oats. It makes it unlawful for any person to forward cotton or oats for sale or for the purchase or sale of cotton or oats for delivery before the transfer of the ownership is not intended by either party.

The bill defines "anticipation" as any arrangement between two or more persons, called "anticipation," or "anticipation bills," for the delivery for violation is a fine of from \$10 to \$1,000 or imprisonment for one year.

The cotton anti-anticipation bill promises to prohibit the sale of cotton for delivery before the transfer of the ownership of the community.

COAL! COAL! COAL!

Buy Peace River Collieries' Shares

A CT AT ONCE! Anything that is worth doing is worth doing promptly. "I WILL DO IT TODAY" is the solid rock on which to build all enduring success.

You need all the money that your money can earn for you, or you would not be reading this ad. We want to interest you and in so doing we shall establish a community of interest THAT WILL EARN DOLLARS FOR EVERY DOLLAR YOU INVEST.

A limited amount of treasury shares at 35 CENTS PER SHARE are now on sale. When the first allotment has been disposed of, the next block to be issued will be offered to the public at a price GUARANTEED TO BE NOT LESS THAN 50 CENTS PER SHARE.

Upon the sound assurance of large profits to be made in the Peace River Collieries' shares, shrewd business men are now laying aside amounts of shares at 35 cents per share that they intend to hold permanently, realizing that these shares will steadily advance in price and that, a few weeks hence, when the PRICE WILL BE 55 CENTS PER SHARE they can sell one-half of their shares and still control stock of the Company without the investment of a single dollar.

Market

The opening up of the Great New Northern Empire, THE PEACE RIVER COLLIERY, through which the Grand Trunk Pacific and the C. N. Railways are to spread, will develop a market as large, if not larger, than the present prairie market for coal. THIS COAL MUST COME FROM THE NEAREST MINES. The Peace River Collieries CONTROL THESE MINES and with vigorous development they are estimated to produce 1000 tons of coal per day.

Guarantee

Your best guarantee of a square deal is your own judgment, based upon the facts which we are presenting to you.

Your investment, whether of \$50, \$500, \$1000 or more, involves only an ordinary business risk WITH AN UNUSUAL OPPORTUNITY TO PROFIT.

The Management

CANADA'S GREATEST AUTHORITY ON COAL, MR. FRANK B. SMITH, will have full charge of development, and the whole organization controlled by men of long experience. This ensures THE PEACE RIVER COLLIERIES, LTD., becoming a shipping mine of substantial proportions, producing the MAXIMUM OF PROFIT AT THE MINIMUM OF COST.

THE MOST MODERN COAL MINING MACHINERY WILL BE INSTALLED, the maximum output being secured at the minimum cost of development. Connections can be made with both railways by a short spur line, and the COST OF MINING SHOULD NOT EXCEED \$1.25 PER TON. THE SALE PRICE AT THE MINE WILL BE AT LEAST \$3.00 PER TON, thus leaving a LARGE MARGIN OF PROFIT.

FIVE REASONS WHY the Investors' money in Peace River Collieries, Limited, will receive the greatest of protection:—

- (a) THE PEACE RIVER COLLIERIES, LIMITED, HAS NO SALARIED OFFICERS.
- (b) ALL STOCK COMMON STOCK.
- (c) NO BONDS TO DRAW INTEREST.
- (d) NO PREFERRED STOCK TO TAKE FIRST PROFITS.
- (e) EACH SHAREHOLDER TO SHARE AND SHARE ALIKE.

This is a mining property of exceptional merit and a bona fide mining investment of great promise.
